SUNDAY SCHOOL TEACHER TRAINING

Dr. Frank W. Collier of American University to Instruct Teachers

BEGIN IN JANUARY

Course to Embrace Ten Lectures—Inter-Sunday School Association Athletic Meet Booked For Dec. 30.

Alexandria Sunday Schools are to have a superior course in teacher training. This fact was announced by Secretary Wallace of the Y. M. C. A., at the general Sunday School association banquet held at the Westminster Building last night.

In announcing the course Mr. Wallace explained that as a result of the attendance campaign carried on during last summer, many of the schools were facing a serious shortage of teachers. The Y. M. C. A, recognizing the importance of thoroughly trained and consecrated teachers offered its services in putting on the strong course that has finally been decided upon.

The instructor will be Dr. Frank Wilbur Collier, Director of Research and Professor of Philosophy and Racial Psychology at the American University. Dr. Collier is also at the head of the School of Religion of the Washington Y. M. C. A. and had been editor of book reviews of the Boston Transcript for many years.

Mr. Wallace states that Alexandria is most fortunate in securing such an unusual scholar as instructor and the Sunday Schools have responded in splendid fashion. St. Paul's Sunday School heads the list of enrollments with twenty, while the Second Baptist is second with nineteen. Altogether there are 79 enrolled to date, but the number will probably reach a hundred before the course starts.

The exact date of the beginning of the course has not been decided, but it will be immediately after the holidays. There will be ten lectures in the series and one will be given each week and the place of meeting will probably be at the Young People's Building of the M. E. Church, South.

The Inter Sunday School Athletic Association of the Aleandria-Arlington, Fairfax district is to hold an indoor athletic meet in Alexandria the afternoon of Demember 30. This was decided at a meeting of the executive committee at the Westminster building last night.

Mrs. Cora M. Israel, of Fairfax, superintendent of young people's work of the state, was present and presided. The meet will consist of standard indoor track and field events and there will be five events for girls and five for boys. The Y. M. C. A. of Alexandria will offer prizes for the events and it is predicted that a hundred young people of the district will be present and take part.

The suit grew out of the sale of 100 shares of oil stock sold to Hibbs and Company through the First National Bank for Mr. Duffey and Mr. Duffey was selling the stock for a client. The amount involved in the suit was $1609.80.

REFUSE INCREASE IN POLICE SALARY

Council Also Against Increasing Membership of Force

SEEK WATER GAS SET

Purchase Automatic Fire Ringers—F. W. Latham Leaves Gas Works November 15.

Resolutions that have been pending for some time past in the city council providing for an increase in the salaries of the members of the police and also for increasing the membership of the police force were defeated last night when adverse reports were submitted by the joint committee on finance and police.

The first to be presented was the recommendation for an increase in the membership of the force and this quickly was defeated following the recommendation of the committee.

Next came the adverse report of the committee on the resolution of Councilman Kaufmann to increase the salaries of the members of the police force as follows: Chief, $175; sergeants, $150 and privates, $125. A recorded vote was taken and the report of the committee was sustained by a vote of 8 to 7.

The sum of $700 was appropriated for the purchase of two motorcycles for the police department.

A resolution empowering the light committee of council to install a water gas set at the city gas works at a cost not to exceed the sum of $15,000 was adopted by a vote of 14 to 2, Messrs. McCaffrey and Sullivan voting against the measure. Afterward, however, President Burke ruled that the measure would have to have a unanimous vote for its passage and it was referred to the joint committee on light and finance.

The sum of $1,600 was appropriated for the purchase of four automatic bell ringing devices for the fire department, three of which already have been installed in the towers at the engine house and one in the tower of the city hall. This measure carried by a vote of 12 to 4.

Chief K. W. Ogden was given the floor to explain why the devices were installed in the engine houses without securing permission of council. He told council they were installed during the firemen's convention for demonstrating purposes and did not think authorization necessary and stated that such a system if procured elsewhere would cost the city $4,000.

This was brought about when Councilmen Ticer, chairman of the finance committee, stated the devices were installed without permission of city council.

Petition of North Rosemont Citizens' Association asking that five sixty watt incandescent lights be installed in Johnston's subdivision was adopted on the recommendation of the light committee.

Resolution of residents of George Washington Park for a city street light near the property of T. J. Fannon at that place and asking that the drainage ditches be closed and other improvements made was referred to the committee on light and streets.

The following ordinances presented by the city health department were read and referred. To regulate the sale, exchange and delivery of milk and cream and providing for the cleaniness of milk and cream bottles.

To prohibit the sale, exchange and delivery of bread in the city unless the same be closely wrapped and sealed and making the offense punishable by the imposition of a fine of from $5 to $25.

Ordinance regulating the sale and exchange of food for human consumption and providing that certain described articles be kept in certain places where feed is stored for sale and prohibiting the keeper of live poultry in certain places.

A report of the work accomplished by the public health nurse was submitted to by Dr. L. E. Foulks, city health officer, showing a total of 531 cases attended to from September 1 to November 6 and that she also assisted in 514 vaccinations during that period.

Resolution of Councilman Baggett that the vacancy on the school board in the third ward be filled at the next meeting was adopted.

Resolution of Councilman Drury appropriating $40 for street discs and also resolution that corporation attorney draw ordinance making it punishable by fine to destroy them was adopted.

Attorney R. B. Washington appeared before common council relative to the streets in the annexed territory and the matter was referred.

The resignation of F. W. Latham as superintendent of the city gas plant effective November 15 was accepted by city council.

The salary of the superintendent of the schools was fixed at $2,900 a year of which amount the state will pay $935 and the city $1065 this will be $185 less for the city to pay a year than heretofore.

Resolution to rent the second floor of the old fire engine house on the north side of Prince between Royal and Fairfax streets to the Virginia Athletic lub was referred to the committee on fire and public property. Permission was granted J. D. Knight to erect shed for the Alexandria Lumber Company on the east side of Alfred between Wolfe and Wilkes streets to have a brick fire wall in center and brick walls at either ends.

Permission was granted the Second Presbyterian Church to build a frame structure for Sunday School purposes at the northeast corner of West and Commerce streets. O. H. Daniels was given permission to

THE REVIVAL SERVICES

Large And Interested Congregations at First Baptist Church

The meeting last evening at the First Baptist Church showed continued interest. The rainy night seemed not to dampen the ardor of the fine congregation. Mr. Stewart took as the basis of his sermon the various appeals which God makes in wooing them to Himself. It may be that the meeting will close tonight, and probably a very large congregation will be present. There have been numerous manifestations of interest in the meeting, but probably the most marked result is the good effect upon the church life in a deepening spiritual tone. It seems very likely that the work of grace will continue after this series of meetings have closed.

An invitation is extended not only to Episcopalians, but to any and all who can attend.

Held For Grand Jury

Frank Bettis, Jr., Had Sack Filled With Merchandise

Frank Bettis, Jr., who was arrested at 4 o'clock this morning at the corner of Prince and Pitt streets, having in his possession a gunney sack filled with merchandise, following a preliminary hearing in the police court today was held for the action of the grand jury.

Bettis said he found the sack at the corner of King and Lee streets and there were two other sacks there also.

A representative of the firm of N. Lindsey and Company, Inc., wholesale grocers, testified that all of the articles found in the bag were handled by that firm and he identified some cigars. The stolen articles included cigarettes, smoking tobacco, and a quantity of canned and bottled goods valued at $22.

Bettis was taken in custody by Serg't. Campbell, Policemen C. A. Padgett, Snellings and Morris.

TWINS WINNERS OF HALLOWE'EN PRIZES

Two Bouncing Boys Sons of Mr. and Mrs. C. A. Harrington

BORN OCTOBER 31

Merchants Will Double Gifts to Prize Winners in Contest—Will Receive Many Valuable Gifts

This is to certify that the official records of this office show that the first birth taking place between the hours of midnight Saturday, October 30, and Monday, November 1st, is as follows:

Twins:

Names—Melvin Burton Harrington, Philip Shirley Harrington.

Born—Sunday, October 31, 5 A. M.

Parents—Mr. and Mrs. Clarence A. Harrington, 817 Queen street, Alexandria, Virginia.

Attending Physician — Dr. Llewellyn Powell, 201 N. Washington, Street, Alexandria, Va.

LOUIS A. FOULKS, M. D.
Health Officer.

The Hallowe'en stork stacked the deck on the merchants of Alexandria.

This fact was brought out today when the official statement of Dr. L. E. Foulks, city health officer declared Philip Shirley and Melvin Burton Harrington winners of the long list of prizes offered in the Gazette several days ago for the first baby born on Hallowe'en morning.

The two bouncing boys are the sons of Mr. and Mrs. Clarence A. Harrington, of 817 Queen street, and they took up the struggle against the world at 4:30 o'clock Sunday morning, October 31st.

The campaign for gifts for the first Hallowe'en baby was inaugurated and carried out by the Alexandria Gazette and the majority of the progressive merchants of the city agreed to donate a gift to the youngster.

But the stork stacked the deck and the official report of the health department, made public today, shows that twins arrived ahead of all other competitors. But the twins had time to spare as Katherine May arrived at the home of her parents, Mr. and Mrs. Archie E. Scott, 516 South Patrick street 12 hours later.

However, the twins appear to have an undisputable lead over their female competitor and when this fact became known a further canvass of the merchants who had entered into the spirit of the occasion, disclosed the fact that without exception, they were willing to go all the way and double up on the gifts promised.

Alexandria merchants take a rear seat for no other city when it comes to getting busy and taking part in new campaigns. When the Hallowe'en baby gifts were first proposed there were but two or three of those approached who looked with disfavor on the scheme and they are to be complimented on the spirit with which they accepted the announcement that caused them to double the gifts promised.

Every merchant who took part in the gift giving has signed a slip that will entitle the parents of the

Measure Opposed

Alderman Marbury Against Proposition to Increase Membership of Police Force and Reduce Health Department

The following communication was submitted to the board of aldermen last night by President F. F. Marbury of that body and referred to the joint committee on police and finance:

Members of the Board of Aldermen,
Alexandria, Va.
Gentlemen:

Referring to the communication from our Honorable Mayor, with reference to the curtailment of expenses of our city by the abolition of three members of our present Health Force, I wish to state, that personally, I am heartily in favor of saving every dollar that can possibly be saved for our city. And, if our Health Department can do efficient work with a smaller force, thereby saving several hundred dollars annually, I consider it a splendid move on the part of our Mayor.

I do not, however, approve of the idea of curtailing the force of our Health Department, and increasing the force of our Police Department, with an added expenditure of four times the amount that could be saved by a reduction in our Health Force as the resolution introduced by the police commissioner asked for six additional men and an increase in salary for every member of the present Police Force.

After giving the police matter considerable thought, I decided to make some investigations. I wrote to several cities the like size of Alexandria for information as to the number of men employed, wages received and general information regarding the police department. I received some very valuable information, a summary of which I am attaching hereto.

Now Gentlemen, I want to be thoroughly understood in this matter, in that I want our policemen to receive living wages, and also to get our city properly policed. But, I can see no reason why we should burden our taxpayers with an added expense of several thousand dollars annually for Police protection, in view of the fact, that we now have as many or more policemen than some of our most progressive cities in the United States.

In closing, I wish to add that personally Iam in favor of a reorganization of our present police department with a view to adding more efficiency with the present number of men.

I remain, Your very respectfully,
F. F. MARBURY,

FLEET CORPORATION ACCUSED OF GRAFT

Corporation of Employees and Officers of Ship Board Section Charged

STARTLING EXAMPLES

Maze of Sensational Instances Are Quoted in Report to House committee—Alleged Millions Wasted.

Washington, D. C., Nov. 10.—Corruption of employees and officials of the Shipping Board Emergency Fleet Corporation, graft in purchasing supplies for and in repairing Government-owned merchant ships, and use of political or other influence in obtaining contracts for ship construction and allocation of completed vessels to operating companies, are among a maze of charges made in a report submitted to the House Committee on Shipping Board Operations by A. M. Fisher and J. F. Richardson, former employees of the board.

Chairman Benson, of the Shipping Board, refused last night to discuss the report, declaring that any statement he might have to make would be made to the House committee which now is continuing its investigation of the board's operation.

The report was made public last night by the committee, of which Representative Walsh, Republican, Massachusetts, is chairman. It covers more than 100 printed pages, and deals exhaustively with many phases of Shipping Board operations as observed by the committee's investigator over a period of more than a year.

Fisher, who formerly was connected with the Federal Trade Commission, made a survey for the Shipping Board as to record-keeping systems in the office of the lumber administration. Richardson, for 20 years a newspaper man, was employed for several years in the board's department of investigation.

In presenting the report, Richardson said it was designed to deal only with problems which could be solved wholly by the Shipping Board itself, and left untouched 14 general subjects in connection with the board's operations. Among these were enumerated organization of the board, technical errors in the construction program, German-American deals, assumption of diplomatic functions by board officials, enforcement of the new merchant marine act and evasions of the selective service act.

Taking up in detail seven general phases of the board's activities, the report charged gross waste of Government funds, improperly drawn contracts which cost the Government large sums, failure of the various divisions of the board to co-operate efficiently and almost complete failure of some of the divisions to function properly.

Padding of payrolls by firms repairing Shipping Board vessels, ownership by companies operating Government vessels of stock in companies furnishing supplies to those craft at prices ranging anywhere from 40 to 50 per cent. above whole sale costs, wholesale theft of supplies and equipment from ships, and loss of millions of dollars through improperly secured loans made to contractors building Government vessels, also were charged.

The investigators alleged that in some cases the Fleet Corporation loaned money to contractors and accepted as security bonds issued by companies incorporated by the contractors, "which bonds have since been found to be worthless." The charge also was made that in many cases shipbuilding plants with materials, "which are going concerns, are turned back to contractors as salvage propositions, and the con-

MONROE DOCTRINE

There is no excuse for the feeling not uncommon in South America, that by asserting the Monroe Doctrine the United States is trying to establish a suzerainty over the Western Hemisphere. The Doctrine is only defensive, primarily for ourselves, but also for the South American States. And we have never used the Doctrine to extend our power or impair the prerogatives of any South American State. When originally announced the Doctrine saved all South America from the Holy Alliance. In later times the Doctrine saved Mexico from France and Venezuela from Great Britain. In neither case did we go further than protect an American nation. We delivered Cuba from Spain, but we did not appropriate it, and we have never impaired its sovereignty beyond establishing order when it was necessary, and protecting ourselves against the possibility that Cuba might become subservient to a foreign Power, and a menace to us. Causeless as it is, there is a good deal of feeling in Latin-America that the United States has imperialist ambitions, and this explains the statement in a Buenos Aires paper that as between the League of Nations and the Monroe Doctrine the Latin-American countries would choose the former.

SCHEME TO SCATTER RED POISON IN U. S.

Rotterdam, Nov. 10.—Holland has established a great cordon along the German frontier to prevent the influx of large numbers of Russian Bolshevik agents from Germany. Heavy guards are posted, so that persons wishing to cross the boundary in either direction must pass through frontier posts and over recognized highways. Those who attempt surreptitiously to cross run the risk of being shot.

These precautions have failed, however, to check the movement of soviet agents. Men whom the police would like to interview have been seen in this city and Amsterdam, but when the police set their dragnet the men wanted have utterly vanished. Later there usually comes information that the suspects have been found in Germany and are on their way to Russian frontiers. The system followed resembles the "underground railroad" by which fugitive slaves moved through the Northern States to Canada in the days before the American civil war.

Among those who recently passed the armed Dutch frontier guards, it is declared, is Louis G. Frayna, American delegate to the international Bolshevik "clearing house" conference held in Brussels. After his connection with that conference had been established he was watched closely, and Government agents reported him on a ship bound for England. Later the craft was searched and Frayna was found to have disappeared. A few days later he was reported in Berlin. How he got off the ship and across the frontier is still a mystery.

Police surveillance is attempted in Hamburg and some other German cities; but it usually comes to nought, as there are elements in Germany which are friendly to the soviet Russian Government. It is declared here that Germany is almost as good a haven as Russia for Bolshevik agents.

Radical agiators are frequently found in the Ruhr mining region of Germany, near the Allied areas of occupation, where they seem to move aobut without restraint.

The "underground railroad" is utilized by soviet agents to bring into Holland Bolshevik "missionaries" who are to make attempts to reach America. There appears to be a constant current of these men crossing and recrossing thefrontier. Every means of getting them into Holland is used. During recent months many Poles have gone to America, and some of them have been deserters from General Pilsudski's armies. It is said regularly organized bureaus were established to help these men evade military duty and go forward into Holland, and that among them were many Bolshevik agents who had been engaged in propaganda work behind the Polish lines during the recent soviet drive on Warsaw. When the drive was crushed they fled westward and joined their comrades in this country.

Reports have been received here that many Bolshevik sympathizers who were last year deported as undesirables from America are to be returned to that country. Police officials assert a special bureau has been created here to take care of this class of "emigrant" and carry out carefully laid plans for getting the agitators back into the United States.

Are You Suspicious of Your Health?

One may not be actually sick, yet feel so tired and languid, low-spirited and ambitionless, that he can not truthfully say he is in good health. The kidneys work all the time, night and day, and it is no wonder that they become weak, sore or diseased. Nearly everybody suffers from kidney trouble or bladder ailments. Nature gives warning signals by backache, lameness, stiff joints, sore muscles, rheumatic pains, puffiness under the eyes and blurred vision.

RELIEVED HIS BACKACHE

It gives me great pleasure to recommend Foley Kidney Pills as in my case they relieved me of a severe backache that had bothered me for several months. A few bottles fixed me up in good shape."—Jos. G. Wolf, 734 S. Jackson St., Green Bay, Wis.

FOLEY KIDNEY PILLS

give quick and permanent relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. When the kidneys are properly functioning, they filter and cast out from the blood the impurities that cause aches and pains and in the end may lead to serious illness. If you have any reason to suspect that your kidneys need help you will make no mistake in taking Foley Kidney Pills.

LITTLE ROCK BUSINESS MAN GIVES IT PRAISE

Says Tanlac Restored Him To Splendid Health Four Years Ago And He Still Feels Fine

"About four years ago I made a statement about how much good Tanlac did me, and as I am still feeling fine I want to let my friends know how well the medicine did its work for me," said R. L. Templeton, dealer in general merchandise at 25th and Pine streets, Little Rock, Ark., in a recent interview.

"For a long time before taking Tanlac I suffered with indigestion in its worst form and was about as miserable as a man with this truble ever gets to be. I was doing everything possible, it seemed, but the harder I tried to get relief the further away from it I got.

"Tanlac was put on sale here four years ago, so I bought a bottle and at the same time felt about as wretch[illegible] person can.

"Well, it wasn't long after I began taking it until my appetite had a new start and my indigestion began to lose its grip. After taking six bottles I could eat anything I wanted and as much as I pleased and never have a pain or an uncomfortable feeling from it. About two months ago my appetite began to weaken and I commenced to have a touch of indigestion, but Tanlac soon had me feeling right again. I eat heartily every meal, sleep good every night and am on the job every day feeling fine. Tanlac not only set me right, but keeps me feeling right and I believe it will do as much for anyone who gives it a fair trial."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

We have done the decisive thing now—we are making a six-month leap in one day. In anticipation of lower clothing costs next spring, we have made a complete revision of our prices—a definite downward revision, which enables you to buy clothes now at prices which will be current next spring. The new price levels became effective simultaneously with the retirement of Mr. Eddy from partnership in THE MAN'S STORE—November 1st. The event is the greatest clothes—buying opportunity of the year.

NO REST—NO PEACE

the one who suffers from a bad back, and distressing urinary disorders. Alexandria people recommend Doan's Kidney Pills. Be guided by their experience.

Mrs. Chas. Cook, 410 Queen St., Alexandria, says: "After an attack of the "flu" my kidneys were left in bad shape. My back pained me so I was in misery all the time. It seemed as though a dagger were being thrust into my kidneys. I could get no rest at night. Mornings I would be so tired and worn out I would feel like giving up. A friend saw what condition I was in and told me what a wonderful remedy Doan's Kidney Pills are. I sent to Creighton's Drug Store for some. Doan's fixed me up all right in a short time. The pains all left me and before long I was entirely cured. It was Doan's Kidney Pills and nothing else that did it."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cook had. Foster-Miburn Co., Mfrs., Buffalo, N. Y.

SALESMAN'S BODY, WRECKED CAR, EVDENCE OF TRAGEDY

Atlanta, Ga., Nov. 10.—Police are investigating the finding of the body of Egbert C. Gale, traveling salesman, dead in Cascade road yesterday morning.

Gale's jugular vein had been cut presumably by his flight through the windshield of a wrecked touring car that stood near by. The body was found apparently unmoved after the accident.

Gale was a salesman for a Chicago firm and had been here a week His home was at Waverly, N. Y.

NEGRO SLAYERS AT LARGE; WOUNDED GIRL STILL LIVES

Durham, N. C., Nov. 10.—No clew as to the two negroes alleged to have held up a party of four near Gastonia, N. C., Sunday night has been found.

The negroes shot and killed John Ford, one of the young men, and wounded one of the girls, Essie Beatty, afterward, it is said, assaulting both girls. The Beatty girl, while still alive, is in a critical condition at the Gastonia Hospital. Gastonia officials found on investigation that a report of the arrest of two suspects at Blacksburg, S. C., was without foundation.

tractors thus reap large profits at the expense of the Fleet Corporation."

Another allegation in the report was that many firms holding construction contracts inaugurated Liberty bond selling crusades in their plants and charged to ship construction 10 per cent. of the money thus secured as the cost for selling the bonds. It was further charged that in some cases the Fleet Corporation authorized contractors to take from "their appropriated funds" sums to purchase Liberty bonds, and that subsequently, in some cases, these bonds were sold or hypothecated at a loss and the money thus realized used "for plant purposes."

"They (the contractors) then put in a claim against the United States Shipping Board, Emergency Fleet Corporation, for the losses thus incurred," declared the report.

Going into the matter of salvage of shipbuilding plants, uncompleted hulls and material and stores, the the report alleged that it was "asserted by persons in position to know" that the sale of the "millions of dollars" worth of materials," owned by the Fleet Corporation had netted no more than 13 1-2 cents on the dollar at a time when the Shipping Board, at other points, was purchasing the same materials in the open market at prices in advance of the original cost prices of the materials sold.

HUGE GERMAN FUNDS SHOWN IN NEW YORK PAPER DEAL

New York, Nov. 10.—Evidence regarding huge sums on deposit in New York for the German government in 1915 was taken here yesterday in the trial of Edward A. Rumely for alleged violation of the trading with the enemy act in his purchase of an interest in the New York Evening Mail with German money.

The evidence was that Dr. Albert Heinrich and Count Bernstorff had several millinos on deposit here and that checks were made out to Walter Lyon, alleged by the government to have acted as go-between in the purchase of the Mail.

LEGION HEAD APPROVES REFUSAL TO PARDON DEBS

Indianapolis, Nov. 10.—F. W. Galbraith, national commander of the American Legion, yesterday wired President Wilson, indorsing the President's action in refusing to pardon Eugene V. Debs, now held in the Federal prison at Atlanta, Ga., convicted of sedition.

Galbraith's telegram was on recommendation of the conference of department adjutants being held here.

JAZZY AD COSTS LEGION CHOIR ACT IN BIG SHOW

Denver, Nov. 10.—The Cathedral choir of 100 voices will not appear at the American Legion's jazzy-jazz revue here Thursday night. The reason—too much jazz and suggestiveness in the advertising.

"I can't help but believe," said the Rev. Father Hugh L. McMenamin of the Cathedral of the Immaculate Conception, "that when any one sings, 'You know what I mean,' it should be the cue for every one to leave."

So the jazzy revue will feature the "bathing beauties," "pony girls" and "dancing girls," but there'll be no cathedral choir.

Choice of Bread is Important.

All bread is not alike by any means. Doesn't look alike; doesn't "eat" alike; doesn't nourish to the same degree. That's why it is important to choose.

If you study into the matter you will find the plain reason for preferring

Corby Bread.

It's purity is guaranteed by our cautious selection of ingredients. Everything that goes into Corby Bread is used because we KNOW it to be the very best.

It's great nutritive value is assured by the scientific process of making---which together with the patented mixing machines enable us to develop 100 per cent of the gluten content of the flour.

Bread isn't the staff of life unless it provides the required ration of nutrients---

CORBY BREAD IS THE STAFF OF LIFE :

Because it does give you what you want in the way of nourishment—and in the scientifically correct proportions.

Made right here in Alexandria—and delivered to your grocer or delicatessen fresh from our ovens.

Many a Pretty Face Spoiled by Pimples

Not only are these pimples and splotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

If you are afflicted with this form of skin disease do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Medical Director, 152 Swift Laboratory, Atlanta, Ga.
